**2018-2019**  
**EDPA 2301: Teaching Physical**  
**Education**

## Course-Level Learning Outcomes

### 1. What are the Course-Level Outcomes (CLOs)?

1. The student will become aware and familiar with the 2013 NASPE national standards.
2. The student will explain the essential components of quality physical education programs.
3. The student will design and create a standard lesson plan for elementary aged school children that incorporates the four-part lesson plan and promotes maximum participation, inclusion and engagement in activities.
4. The student will identify developmentally appropriate physical activities in terms of mental, emotional, and physical development.
5. The student will recognize and value the role that physical education plays in the development of a positive self-image and the development of a love for physical activity for all elementary children.
6. The student will discuss the effect of societal, cultural and sociological influences on physical education curriculum.
7. The student will describe and demonstrate class management and disciplinary skills that result in a positive, nurturing learning environment.

### 2. Which CLOs were addressed for this academic year? (2018-2019)

The student will design and create a standard lesson plan for elementary aged school children that incorporates the four-part lesson plan and promotes maximum participation, inclusion and engagement in activities.

### 3. Which CLOs are being addressed in your assessment plan next academic year? (2019-2020)

The student will design and create a standard lesson plan for elementary aged school children that incorporates the four-part lesson plan and promotes maximum participation, inclusion and engagement in activities.

### 4. Explain the assessment cycle.

This CLO will be assessed for 3 years.

### 5. What are the assessment methods? Are they direct or indirect?

The assessment method is a written lesson plan. This is an indirect assessment. It is graded using a rubric.

### 6. What are the assessment goal(s)?

The assessment goal is 75% of students will score 70% or higher.

### 7. What were the findings for this academic year? (2018-2019)

65% scored 70% or above

35% scored 69% or below

### 8. What is your analysis of the findings?

Students performed well on this assessment. There are a few key areas that students consistently struggled with on the lesson plan.

### 9. What is the action plan for the next academic year? (2019-2020) Explain.

I will continue to assess CLO #3. I will take more time to address and clarify the areas students struggled with on the lesson plan.
