EDUC 2303: Praxis Core Preparation

Course-Level Learning Outcomes

1. What are the Course-Level Outcomes (CLOs)?

Upon successful completion of this course, the student will be able to identify personal strengths and weaknesses in skills included on the Praxis I test, to show improvement in areas of weakness, and to show improvement in test-taking strategies. In addition, the student will be able to:

- Comprehend literal, critical and inferential reading passages.
- Evaluate and correct written passages that contain errors in grammatical relationships, structural relationships, word choice, and mechanics.
- Prepare a written essay following the rules of standard written English.
- Solve mathematical equations and word problems in the following four categories: number and operations, algebra, geometry and measurement, and data analysis and probability..

2. Which CLOs were addressed for this academic year? (2018-2019)

This course has not made or been offered during or prior to the academic year 2018-2019.

3. Which CLOs are being addressed in your assessment plan next academic year? (2019-2020)

This course has not been offered during the academic year 2018-2019.

4. Explain the assessment cycle.

This course may move to only offered on demand. Education as a discipline will fold this course into their assessment cycle.

5. What are the assessment methods? Are they direct or indirect?

This course has not made or been offered during or prior to the academic year 2018-2019.

6. What are the assessment goal(s)?

No goals have been established for this course for this academic school year.

7. What were the findings for this academic year? (2018-2019)

This course has not made or been offered during or prior to the academic year 2018-2019.

8. What is your analysis of the findings?

Unable to analyze data.

9. What is the action plan for the next academic year? (2019-2020) Explain.

This course will be evaluated as to remove or offer only on demand for the future.
