Assessment Report:
2019-2020:
BOTA 1212
Functional Anatomy for OTA

1. Name of individual compiling report: Karen James, PhD, OTR/L, CAPS

2. Date of submission: 02/04/2021

3. Is the assessment plan (*Check or highlight one*)

☒ an initial plan for the program

☐ a revision of an old plan

☐ unaltered from previous year

Course-Level Learning Outcomes-

1. What are the Course-Level Outcomes (CLOs)?

1. Demonstrated basic knowledge and understanding of the structure and function of the human body, including anatomy, neuroanatomy, kinesiology, and biomechanics. In partial fulfillment of B.1.1
2. Maintained an organized and comprehensive portfolio consisting of: course materials, resources, and additional information/other materials relevant to functional anatomy in an effort to prepare for a career as a life-long learner.

2. Which CLOs were addressed for this academic year? (2019-2020)

1. Demonstrated basic knowledge and understanding of the structure and function of the human body, including anatomy, neuroanatomy, kinesiology, and biomechanics. In partial fulfillment of B.1.1
2. Maintained an organized and comprehensive portfolio consisting of: course materials, resources, and additional information/other materials relevant to functional anatomy in an effort to prepare for a career as a life-long learner.

3. Which CLOs are being addressed in your assessment plan next academic year? (2020-2021)

1. Demonstrated basic knowledge and understanding of the structure and function of the human body, including anatomy, neuroanatomy, kinesiology, and biomechanics. In partial fulfillment of B.1.1
2. Maintained an organized and comprehensive portfolio consisting of: course materials, resources, and additional information/other materials relevant to functional anatomy in an effort to prepare for a career as a life-long learner.

4. Explain the assessment cycle.

Second semester lecture/lab course for the OTA program offered January 2020-May 2020

5. What are the assessment methods? Are they direct or indirect?

Direct: Exams and Lab Practicums

Indirect: Assignments

6. What are the assessment goal(s)?

Exams are used to assess retention and application of knowledge from the lecture. Lab practicums are used to assess knowledge and application of hands on skills. Assignments are used to apply lecture content in creative ways utilizing observation skills, grammatical skills, and at times teamwork and collaboration.

7. What were the findings for this academic year? (2019-2020)

The minimum passing grade for the course is 77%. The class average for the course is 94% with the range being 82% to 98%.

A-12

B-4

C-1

D-0

F-0

Drop or Withdrawal-0

8. What is your analysis of the findings?

Seventeen first-year students returned for Spring 2020 and 17 completed the course. Enrollment in this cohort dropped by one student who chose in between semesters not to return for personal reasons.

9. What is the action plan for the next academic year? (2020-2021) Explain.

The Accreditation Council for Occupational Therapy Education (ACOTE) has issued new accreditation standards effective July 2020, and these will be incorporated into all courses beginning Fall 2020.
