Program Level Name	Modality	State	Agency Name	Website URL	U A-PTC Program Contact Information	Disclosure
CP	Emergency Medical Technology	Traditional	Alabama	Please visit the National Registry of Emergency Medical Technicians (NREMT) for the state licensing boards' contact information https://www.nremt.org/resources/state-ems-offices	Harold Shray, Program Director Email: hshray@uaptc.edu Phone: 501-771-6020	UA-PTC's Certificate of Proficiency in Emergency Medical Technician program is accredited by the Arkansas Department of Health, Section of Emergency Medical Services (ADH EMS). All qualified EMT students must pass the National Registry of Emergency Medical Technician (NREMT) cognitive exam and the ADH EMS practical exam in order to obtain an Arkansas state license and NREMT certification to practice. Each state accepts the NREMT certification and Arkansas licensure as proof that the EMT has the appropriate levels of knowledge to apply for reciprocity within other states. Each state regulates the requirements to obtain licensure/certification reciprocity. Students who want to practice in another state after obtaining Arkansas licensure and NREMT certification are encouraged to contact the Office of EMS in the state you desire to work to discuss if there are additional requirements for Arkansas licensure reciprocity such psychomotor exam, applications, fees, background checks, etc. that could be required for licensure/certification reciprocity. Each state has the ultimate authority to grant licensure/certification reciprocity to practice. Questions about specific state reciprocity should be directed to the specific EMS offices where future reciprocity is desired prior to enrolling in the program. This information can be located on the NREMT webpage (https://www.nremt.org/Resources/State-EMS-offices).

Each state has the ultimate authority to grant licensure/certification reciprocity to practice. Questions about specific state reciprocity should be directed to the specific EMS offices where future reciprocity is desired prior to enrolling in the program. This information can be located on the NREMT webpage (https://www.nremt.org/Resources/State-EMS-offices).
CP	Emergency Medical Technology	Traditional	Utah	Please visit the National Registry of Emergency Medical Technicians (NREMT) for the state licensing boards' contact information https://www.nremt.org/resources/state-ems-offices	Harold Shray, Program Director Email: hshray@uaptc.edu Phone: 501-771-6020	UA-PTC's Certificate of Proficiency in Emergency Medical Technician program is accredited by the Arkansas Department of Health, Section of Emergency Medical Services (ADH EMS). All qualified EMT students must pass the National Registry of Emergency Medical Technician (NREMT) cognitive exam and the ADH EMS practical exam in order to obtain an Arkansas state license and NREMT certification to practice. Each state accepts the NREMT certification and Arkansas licensure as proof that the EMT has the appropriate levels of knowledge to apply for reciprocity within other states. Each state regulates the requirements to obtain licensure/certification reciprocity. Students who want to practice in another state after obtaining Arkansas licensure and NREMT certification are encouraged to contact the Office of EMS in the state you desire to work to discuss if there are additional requirements for Arkansas licensure reciprocity such psychomotor exam, applications, fees, background checks, etc. that could be required for licensure/certification reciprocity. Each state has the ultimate authority to grant licensure/certification reciprocity to practice. Questions about specific state reciprocity should be directed to the specific EMS offices where future reciprocity is desired prior to enrolling in the program. This information can be located on the NREMT webpage (https://www.nremt.org/Resources/State-EMS-offices).
