Co-Curricular Assessment Report:
2020-2021

Co-Curricular Assessment

A co-curricular activity is a purposeful and assessable learning opportunities that support academic programming designed to facilitate the development of the whole student.

The goal of the co-curricular learning outcomes assessment (see **Appendix A**) is to continually improve the quality of the student experience and the effectiveness and efficiency by which UA-PTC uses resources to provide co-curricular activities. Assessment efforts answer three simple questions:

1. Has the student gained knowledge, skill, and improved attitude or health?
2. How has the experience impacted student performance?
3. How can co-curricular programs be improved?

All members of the UA-PTC community (instructional and non-instructional) should include any planned co-curricular activities in their respective annual assessment plans, with appropriately aligned co-curricular learning outcomes. Annual plans can be updated at any time, but not all co-curricular activities will lend themselves to this type of annual assessment. However, all co-curricular activities that receive funding should complete an annual assessment report, and for all other types of co-curricular activities that are available to students, it is highly recommended that this form be completed annually and shared with appropriate stakeholders. The college expects programs/departments/schools to make co-curricular changes and budget requests based in part upon assessment findings.

A primary goal for each co-curricular assessment is to include at least one direct measure of student learning, which is could be accomplished through the use of surveys, quizzes, projects, and interviews. In addition to direct measures, you may also use indirect methods to assess student achievement such as numbers of participants and satisfaction surveys.

All co-curricular activities will be asked to submit an assessment report to assessment@uaptc.edu within 30 days after the scheduled activity.

Part A: Identification

Name of co-curricular:	<u>Dunbar High School Exhibit</u>
Name of individual compiling report:	<u>Kate Earney</u>
Date of submission:	<u>10/13/2020</u>

Part B: Outcomes and Mapping

1. What are your Co-Curricular Outcomes (CCLOs)? If your co-curricular activity has a mission statement, please include your mission statement as well.

CCLO 1 (Leadership), CCLO 2 (Inclusiveness), CCLO 3 (Social Responsibility), CCLO 4 (Mindfulness), and CCLO 5 (Lifelong and Global Learning)

2. How does your co-curricular activity relate to the school's co-curricular learning outcomes?

To help mapping your learning outcomes to the school's overall co-curricular learning outcomes, please check any applicable boxes below for any skills, knowledge, or values related to the outcomes mentioned above. If you don't see any that apply to your CCLOs, please explain under "Other" how your activity relates to a campus CCLO.

3. What are the assessment methods? Are they direct or indirect?

The assessment method for this exhibit was direct; we are using an online survey.

4. What is the assessment goal(s)?

The goal of the survey is to measure students' satisfaction with the exhibit, how well they enjoyed it, and how effective the virtual access was for them.

5. What is the assessment plan for assessment for the next academic year? Is the assessment plan (*Check one*)

- A. a new assessment plan (*explain below*) B. a revision of the previous plan (*explain below*) C. unaltered from previous year

If you answered either A. or B. above, please explain below:

This was our first time hosting a traveling exhibit like this one (on loan from the Mosaic Templars Cultural Center), so we created a new survey to assess it.

Part C: Assessment Findings

6. What were the findings for this academic year (2020-2021)?

So far students have reported a high level of enjoyment and enrichment from the exhibit. They are impressed with the VR access and are highly likely to recommend this exhibit to friends or family. (See attached survey results.)

7. What is your analysis of the findings?

Students are responding very positively to this exhibit, which suggests they are eager to utilize virtual reality/online means to access historical and/or artistic exhibit through the school.

8. What changes were implemented this year based on last year's findings, if applicable?

None, as this was our first time assessing an event like this one.

9. What budgetary resources, if any, are needed for your program based on your assessment findings? (Please note that if you require financial assistance for your cocurricular, the amount is noted here)

None.
