**Co-Curricular Assessment Report:  
2022-2023**

## Co-Curricular Assessment

A co-curricular activity is a purposeful and assessable learning opportunities that support academic programming designed to facilitate the development of the whole student.

The goal of the co-curricular learning assessment is to continually improve the quality of the student experience and the effectiveness and efficiency by which UA-PTC uses resources to provide co-curricular activities. Assessment efforts answer three simple questions:

1. Has the student gained knowledge, skill, and improved attitude or health?
2. How has the experience impacted student performance?
3. How can co-curricular programs be improved?

All members of the UA-PTC community (instructional and non-instructional) should include any planned co-curricular activities in their respective annual assessment plans, with appropriately aligned institutional learning outcomes. Annual plans can be updated at any time, but not all co-curricular activities will lend themselves to this type of annual assessment. However, all co-curricular activities that receive funding should complete an annual assessment report, and for all other types of co-curricular activities that are available to students, it is highly recommended that this form be completed annually and shared with appropriate stakeholders. The college expects programs/departments/schools to make co-curricular changes and budget requests based in part upon assessment findings.

A primary goal for each co-curricular assessment is to include at least one direct measure of student learning, which is could be accomplished through the use of surveys, quizzes, projects, and interviews. In addition to direct measures, you may also use indirect methods to assess student achievement such as numbers of participants and satisfaction surveys.

All co-curricular activities will be asked to submit an assessment report to the UA-PTC Co-Curricular Assessment chair within 30 days after the scheduled activity.

## Part C: Assessment Findings

6. What were the findings for this academic year (2022-2023)?

*We had 12 students attend the various Arkansas Shakespeare Theatre workshops. They all reported to have enjoyed this co-curricular activity and to have gained a better understanding of stage fighting, improv, and overall theatre culture.*

7. What is your analysis of the findings?

*This is a FREE activity that we should certainly plan to host again next Fall.*

8. What changes were implemented this year based on last year's findings, if applicable?

*None; this was our first semester hosting this event.*

9. What budgetary resources, if any, are needed for your program based on your assessment findings? (Please note that if you require financial assistance for your cocurricular, the amount is noted here)

*No budget needed; event was free.*
