**4.1 PROCEDURE**

6 Faculty will be paid according to the most recent UA-PTC Faculty Pay Plan. The State Appropriation Act sets the  
7 grade for specific positions and the number of such positions that are available to the College. A salary schedule,  
8 approved by the General Assembly, determines the pay level of all positions and the maximum level for a  
9 specific job title.

10 Summer employment for Faculty may be handled as overloads or stipends dependent upon the summer  
11 assignment. Eligibility to teach overloads in the summer period is dependent upon a faculty member’s  
12 completion of required professional development and meeting current assessment criteria as established by  
13 current policy.

14  
15 All summer employment of faculty (and corresponding pay levels) will determined by the Provost, and verified  
16 financially by the Vice Chancellor of Finance and Administration before the Chancellor approves.
